# Financial Policies and Procedures

Total Health Associates is an out of network healthcare provider. Total Health Associates uses the out of network benefit information that has been provided to us by your insurance company. These benefit guidelines have been verified; however, they are not a guarantee of payment. In most cases, Total Health Associates will assist the patient in submitting claims and providing any documentation to facilitate the reimbursement process. In the case that your insurance carrier denies payment, you are personally responsible for all fees incurred at Total Health Associates.

I am responsible for understanding my insurance benefit information. I also understand that I am responsible for my account balance(s) in the case that my insurance provider denies payment.

Signature_____Date _____

If you are a Blue Cross Blue Shield member, provider reimbursement checks will be made out and mailed directly to you. Please remit these checks to our office for payment of services within 14 days of receipt. Total Health Associates will keep a credit card on file to be used in the case that insurance checks are not submitted to the office for payment.

I authorize Total Health Associates to charge my credit card for services in the case that paid-to-patient insurance checks are not submitted to the office for reimbursement.

**Our office required 24 hours' notice for any cancelations. I understand that if I cancel more than 24 hours in advance, I will not be charged. I understand that if I cancel less than 24 hours in advance or if I do not show for an appointment, I will pay a cancellation/no show fee of $50 for chiropractic or regular physical therapy treatments or $75 for one-on-one physical therapy treatments.**

# Informed Consent for Chiropractic Treatment

Due to the nature of Chiropractic treatment, the Doctor will use his hands or a mechanical device in order to move your joints. You may feel a "click" or a "pop", such as the noise when a knuckle is "cracked" and you may feel movement of the joint. Various ancillary procedures, such as hot or cold packs, electric muscle stimulation, therapeutic ultrasound or traction may also be used. As with any healthcare procedure, complications are possible following a chiropractic manipulation. Complications could include fractures of the bone, muscular strain, ligament sprain, dislocation of joints or injury to intervertebral discs, nerves or the spinal cord. Cerebrovascular injury or stroke could occur upon severe injury to arteries of the neck. A small percentage of patients may notice stiffness or soreness after the first few days of treatment. Ancillary procedures may cause skin irritation, burns or other minor complications, however, these complications are rare.

I certify that I am the patient or legal guardian listed above. I have read and understand the included information and certify it to be true and accurate to the best of my knowledge. I consent to the collection and use of the above information to TOTAL HEALTH ASSOCIATES. I authorize this office and its staff to examine and treat my condition. I hereby authorize the doctors and licensed providers of THA to release all information necessary to any insurance company, attorney or adjustor for the purpose of claim reimbursement of charges incurred by me. I grant the use of my signed statement of authorization with my signature for required insurance submissions. I understand and agree that all services rendered to me will be charged to me and I am responsible for timely payment of such services. I understand and agree that health and accident insurance policies are an arrangement between an insurance carrier and an individual. I understand that fees for professional services are due at the time of service.

**I understand that if I cancel more than 24 hours in advance, I will not be charged. I understand that if I cancel less than 24 hours in advance, I will pay a cancellation fee of $50.**

# Informed Consent for Physical Therapy

As is the nature of Physical Therapy, the Physical Therapist will use different manual approaches to stretch and facilitate movement to joints or soft tissue. In addition, some activities and exercises that may cause transient muscle soreness. You may feel mild discomfort during a stretch, but not intolerable pain. Various ancillary procedures, such as hot or cold packs, electric stimulation and therapeutic ultrasound may also be utilized. There are no significant risks with Physical Therapy. The ancillary procedures can produce skin irritation or minor superficial burns to those patients who have hyper sensitive skin. The probability of adverse reaction is considered rare. However, if undesirable discomfort is felt during the time of treatment, please let your Physical Therapist know immediately. It is important that you advise and communicate with your Physical Therapist about medical procedures such as minor surgeries, recent hospitalizations, doctor's visits, changes in medication, falls or any significant occurrence as they may present a contraindication and risk to continuing Physical Therapy. Physical Therapy is a system of health care delivery. As with many health care delivery systems we cannot promise a cure for any symptom, disease, or condition as a result of treatment in this office. If results are not acceptable, we will refer you to another health care provider for additional assistance.

I certify that I am the patient or legal guardian listed above. I have read and understand the included information and certify it to be true and accurate to the best of my knowledge. I consent to the collection and use of the above information to TOTAL HEALTH ASSOCIATES. I authorize this office and its staff to examine and treat my condition as the doctors see fit. I hereby authorize the doctors and licensed providers to release all information necessary to any insurance company, attorney or adjustor for the purpose of claim reimbursement of charges incurred by me. **Pain Disability Index**

In order to determine how effective your treatment is, we need to know how much pain is interfering in your normal activities. For the 7 areas listed below, please circle the number on the scale which describes the level of disability you have experienced in each area OVER THE PAST WEEK. A score of "0" means no disability at all, and a score of "10" indicates that all of the activities which you would normally do have been totally disrupted or prevented by your pain over the past week. Circle "0" if a category does not apply to you.
